Family Comments

The care and compassion my mother received was such a positive experience for her and our family. I appreciate all that our team did to care for her in her final months.

The team made us appreciate life and love. I would have been lost emotionally if it wasn't for your team.

All the caregivers including the nurses, aids, social workers and pastor were exceptional. My family could not have asked for better care.

Lutheran Hospice care was excellent! They gently cared for my mother with skill, dignity and professionalism.
